### Sleeping Together.

Somebody has said that more quarrels occur between brothers, between sisters, between hired men, between clerks in stores, between apprentices' and mechanics' shops, between hired men, between husbands and wives, owing to electrical changes which their nervous systems undergo by living together. I might say, right here, some bedding, than by any other disturbing cause. There is nothing that will so derange the nervous system of a person who is eliminated in nervous ways, than to lie all night in bed with another person who is highly strung in nervous force. The absorber will go to sleep and rest all night; while the eliminator will be unable to sleep, rest, relax, and nervous, and wake up in the morning fretful, peevish, fainting, disengaged. No two persons, no matter who they are, should habitually sleep together. One will thrive and the other will lose.

### CHRONICLES OF CRIME

A Day's Record of Murder and Suicide Death.

The Reason the South Carolina Husband, Cash, Was Not Arrested—A Family Poisoned in Tennessee—Miscellaneous Killings.

COLUMBIA, S. C., March 6.—Bogart Cash is still at his father's house, within twenty miles of town, and is safe. According to Mr. Richards, he fatally wounded James Coward the other day. A Cheraw paper gives this account of Sheriff Spofford's attempt to arrest the fugitive.

When Spofford, armed with a warrant and accompanied by one Timmons, arrived at the Cash residence he was cordially welcomed by Colonel Cash, who invited him in and offered him a glass of water. He saw the Sheriff. He took the Sheriff and Timmons into the house, and they faced well. The old gentleman pointed to his toddy and after Timmons had down to it, related the events of the day. The Colonel declared himself well pleased with his son's deed, but expressed his regret that Bogart should have done such a poor job.

"It ought to have been there," said Colonel Cash, "and if Richards don't die, I will kill him." Colonel Cash then informed the Sheriff that he could not see Bogart. The Sheriff returned to Cheraw without making the arrest, and refuses to explain his strange conduct. James Coward's death is imminent.

MISSOURI FAMILY POISONED.

CHATTANOOGA, Tenn., March 6.—An entire family named Guthrie, living at Rogersville Junction, in East Tennessee, were poisoned Sunday night by eating rat poison. Son, two daughters, four children and the mother fell violently ill. Every known antidote was administered, but to no avail. Two of the children died a few hours ago. Monday, and the mother died yesterday. The father is also reported dying. The family is one of the most prominent in that section. It is not known how the poison was introduced, but it is thought to have been carelessness.

RODDED HIS GRANDFATHER.

COLONEL CASH, O., March 6.—Two weeks ago John Johnson, an old farmer of Jackson County, Ohio, was beaten insensible and robbed of \$100 and \$2,000 in money by an unknown man. On Saturday, Dr. W. H. Morgan, was suspected and to-day Sheriff Chevington captured him in this city. He was here under the name of T. W. McLain and was captured in a saloon.

MURDER, ROBBERY AND ARSON.

PORT CLARK, Tex., March 6.—Jacob Bailey, an aged and wealthy colored man who runs a ranch twenty miles above here, was found murdered in his bed this morning, the room ransacked and the house partially burned.

KILLED FOR A WOMAN.

Houston, Tex., March 6.—At Patterson yesterday two men named Bailey and Pledger, who live from Port Worth, two weeks ago quarreled. It is thought, about a woman. Pledger shot the other man in the stomach and killed him. The murderer made his escape, but it is thought he will be captured.

DYNAMITERS.

The Cowardly Snakes Closely Pursued By the Detectives.

LONDON, March 6.—The police seem to be on the right trail for the discovery of the author of the dynamite outrages, which I think have had some idea which will soon lead to their capture. It has been learned, that three men landed at Southampton February 20th from a steamer from New York.

Two of them were gentleman-like in appearance, and the other rough and sailor-like. They performed some of the pranks, one of which has been identified as having been found at Charing Cross Station filled with explosives and the other as that found at Victoria Station.

A portion of an overcoat found in the Charing Cross bag is similar to the garment worn by one of the three men. It is believed three other men, who have not been identified, landed at Paddington, and acted in concert with the three whom we now know are partially known, but kept aloof from them. The three men first mentioned left Southampton on the same steamer, two days before the arrival of London, where one went directly to the Waverly Hotel. He had with him a valise "heavy load."

The others went to Waverly a few days ago. After they left the hotel two boxes, made to contain small American clocks and the tray of a cash box similar to that at the Charing Cross Station, Paddington Station, were discovered. The salaried took a ticket from Southampton for Bristol but this is not believed to have been his destination. He had previously written a letter addressed to him in London. He posed six men were concerned in a plot and divided themselves into three parties February 21st.

A reward is offered for the apprehension of five men, two of whom are described as Americans. An Irish-American named Burns or Birn, who described himself as an American, detected the plot, and claimed that there was nothing wrong. He disappeared February 21. A woman called for his luggage. She said Burns was about to return to New York.

LOUISVILLE, KY., March 6.—The Republican State Central Committee has ordered the State Convention for the adoption of the national delegates to be held in Louisville on May first. There will be about 320 delegates in the State Convention, and the Committee has decided that it will be held without instructions. A resolution was unanimously adopted requesting the President to appoint George W. Denny, Jr., of Kentucky, Governor of Dakota.

The Hudson Bay Route.

EMERSON, MAN., March 6.—The International Socialist Convention, for the purpose of discussing the Hudson Bay Route opened under favorable circumstances, large number of delegates being present from various points of this Province, as well as from Dakota and Minnesota.
